Slide 1: Title Slide

- **Slide Title:** TalentDaab
- **Tagline:** Unlocking and monetizing the creative and technical talent of Dadaab's youth.
- **Presenter Info:** Shauri Mlondani, Founder & Lead Developer
- **Contact:** [shaurimlondani@gmail.com / +254743053709

Slide 2: The Problem

- **Slide Title:** The Problem
- **Core Message:** Creative and skilled youth in Dadaab lack platforms, recognition, and paths to earn from their talents.
- **Bullet Points:**
    - **Invisible Talent:** Hundreds of young musicians, poets, digital artists, translators, and developers in Dadaab have no digital showcase to reach audiences beyond the camp.
    - **Financial Exclusion:** Lack of traditional bank accounts prevents young creatives from receiving payments or donations for their work.
    - **Unused Potential:** Youth spend years honing skills in local centers without access to monetization, leading to frustration and lost economic opportunity.

Slide 3: The Solution

- **Slide Title:** The Solution
- **Core Message:** A low-bandwidth mobile showcase and micro-task platform with integrated mobile money payouts.
- **Bullet Points:**
    - **Digital Portfolio & Showcase:** A lightweight mobile app allowing youth to upload audio, visual art, poetry, and service profiles optimized for low-data networks.
    - **Direct Monetization:** Enables supporters, local businesses, and international fans to tip, sponsor, or hire youth talent via M-Pesa.
    - **Opportunity Board:** Matches talented youth with local NGO media projects, translation gigs, event performances, and remote creative tasks.

Slide 4: Market Opportunity (TAM / SAM / SOM)

- **Slide Title:** Market Opportunity
- **Core Message:** A vibrant, young population of 300,000+ residents in Dadaab with an untapped creative economy.
- **Bullet Points:**
    - **TAM (Total Addressable Market):** $1.5B global creator economy and remote gig market for displaced youth.
    - **SAM (Serviceable Addressable Market):** 20,000+ digitally connected youth and creative artists across Dadaab camps and Garissa County host community.

    - **SOM (Serviceable Obtainable Market):** 1,200 active talented creators and 150 local/remote talent seekers within 18 months.

Slide 5: Product (How It Works)

- **Slide Title:** How It Works
- **Core Message:** 3 simple steps to transform raw talent into earnings.
- **Bullet Points:**
    - **Step 1:** Youth build a profile showcasing their talent portfolio (e.g., music, graphic design, poetry, coding).
    - **Step 2:** Clients and supporters discover talent, stream content, or commission specific creative/technical projects.
    - **Step 3:** Payments, tips, and gig fees are settled directly to the youth's mobile money (M-Pesa) wallet.

Slide 6: Business Model

- **Slide Title:** How We Make Money
- **Core Message:** A sustainable commission and sponsorship revenue model.
- **Bullet Points:**
    - **Platform Commission:** 8% service fee on paid commissions, client bookings, and gig contracts.
    - **NGO & Media Subscriptions:** Monthly access fee for agencies, NGOs, and media houses hiring verified local talent for field campaigns.
    - **Sponsorship Packs:** Brands and diaspora supporters pay micro-sponsorships to promote top-performing youth content.

Slide 7: Early Traction / Validation

- **Slide Title:** Early Validation
- **Core Message:** Groundswell demand from youth groups and local creative centers in Hagadera and Ifo.
- **Bullet Points:**
    - **Community Assessment:** Over 90% of surveyed young performers and artists in Dadaab state that lack of payment gateways and exposure is their biggest obstacle.
    - **Pilot Cohort:** 180+ youth creators signed up for the early launch waitlist during initial community mapping.
    - **Local Networks:** Partnerships initiated with local youth-led community-based organizations (CBOs) and cultural groups.

Slide 8: Go-to-Market (GTM) Strategy

- **Slide Title:** User Acquisition Strategy
- **Core Message:** Hyper-local community integration paired with digital showcase events.
- **Bullet Points:**

    - **Youth Center & Hub Outreach:** Partner directly with local youth centers, talent competitions, and vocational centers in Dadaab to onboard top performers.
    - **Community Radio & Social Channels:** Utilize local radio broadcasts and viral social media clips (TikTok/X/WhatsApp) highlighting featured Dadaab artists.
    - **Cultural Talent Showcases:** Host physical and virtual hybrid talent nights to spotlight app creators to international and local buyers.

Slide 9: Competition & Competitive Advantage

- **Slide Title:** Competitive Landscape
- **Core Message:** Tailored to low-resource settings where global social platforms fail to monetize.
- **Bullet Points:**
    - **YouTube / Spotify / Fiverr:** Require strict identity documentation, international bank accounts, and high internet bandwidth that Dadaab youth cannot access.
    - **Local Word-of-Mouth:** Unorganized and limits youth income to irregular camp events.
    - **Our Advantage:** M-Pesa mobile money integration, low-data compression engine, refugee/national ID compatibility, and deep community trust.

Slide 10: Team

- **Slide Title:** The Team
- **Core Message:** Grounded developers and community leaders driven by local impact.
- **Bullet Points:**
    - **Shauri Mlondani — Founder & Lead Developer:** Full-stack developer with experience in mobile app development and local fintech integrations.
    - **Co-Founder / Youth Engagement Lead:** Community activist with deep ties across youth networks in Hagadera, Ifo, and Dagahaley.
    - **Advisors:** Mentors specializing in community development, digital economy, and creative arts management.

Slide 11: Financial Projections

- **Slide Title:** Financial Roadmap (3-Year Goals)
- **Core Message:** Reaching operational self-sustainability within 24 months.
- **Key Targets:**
    - **Year 1:** 1,000 Active Creators | $12,000 total transaction volume | $960 platform revenue (MVP launch & pilot validation).
    - **Year 2:** 4,500 Active Creators | $80,000 transaction volume | $8,000 revenue (Expansion to wider Garissa & Turkana regions).
    - **Year 3:** 12,000 Active Users | $350,000 transaction volume | $35,000 revenue (Regional scale across East African refugee-hosting centers).

Slide 12: The Ask / Use of Funds

- **Slide Title:** The Ask
- **Core Message:** Seeking $10,000 in seed grant funding to launch the Dadaab pilot.
- **Bullet Points:**
    - **Funding Goal:** $10,000 (Pre-Seed Grant / Innovation Fund).
    - **Allocation Breakdown:**
        - **45% Platform Development:** Low-data media streaming, M-Pesa payout API, and profile management.
        - **35% Youth Onboarding & Talent Showcases:** Training 400 initial creators across Hagadera, Ifo, and Dagahaley.
        - **20% Operations & Field Logistics:** Local CBO partnerships and data privacy compliance.
    - **12-Month Milestone:** 1,000 active youth creators earning a collective $12,000 in direct tips and bookings.
